

FREE LEGAL SERVICES FOR HUMAN TRAFFICKING SURVIVORS

If you are a survivor of human trafficking and are in financial need of free legal advocacy, counsel and representation to help with legal issues involving:

- Child Custody
- Criminal Records
- Debt Collection
- Protection Orders
- Understanding your rights in the workplace
- Navigating the legal process or law enforcement investigations
- Or other family law, civil law or criminal law issues...

**Contact the ALIGHT Intake Advocate at
(720) 608-6039.**

The Intake Advocate will ask you questions about your trafficking experience and legal needs to determine if ALIGHT's services are an appropriate fit. It is up to you how much information to share to help the Intake Advocate make that determination.

The Intake Advocate will:

1. Post your request for legal help in the ALIGHT Legal Needs Matching app
2. Connect you with a qualified attorney who is available to help

While there are no guarantees for a match for free legal services, our program has a high rate of attorney response.
